FR220 Cobalt Carbonate Brush On Oxide.doc

**Not classified as Hazardous According To Criteria Of Safe Work Australia.**

## IDENTIFICATION

**Product name:** Cesco™ Brush-on Oxide

**Code:** FR220 Cobalt Carbonate Brush On Oxide

## COMPOSITION/INFORMATION ON INGREDIENTS

Components	CAS number	Proportion:
Chemical Name		
Cobalt (II) carbonate basic	12602-23-2	>60

## PHYSICAL DESCRIPTION/PROPERTIES

Appearance: Mauve viscous liquid  
Odour: Negligible  
Boiling point: Not applicable  
Melting point: >400° C.  
Vapour pressure: Not applicable  
Specific Gravity: Approximately 4.5  
Flashpoint: Not applicable  
Flammability: Does not burn  
Solubility in water: Negligible

## HEALTH HAZARD INFORMATION

### Health effects:

#### Acute

Ingestion: Product has low solubility.  
Ingesting small amounts is unlikely to cause any severe health risks.  
Large oral doses may cause gastrointestinal irritation.

Inhalation: Breathing dust/fumes may cause respiratory irritation and discomfort.

Skin & Eye contact: Dust may irritate the eyes and skin  
Acts as nuisance dust.

#### Chronic

Chronic Exposure: Prolonged exposure to dust may lead to pulmonary problems.

Products which contain crystalline silica may have a proportion become airborne as respirable dust when in the dry form. Repeated exposure to respirable crystalline silica may lead to silicosis, a serious lung disease. The onset of silicosis is usually slow and lung damage may occur even when no symptoms or signs of ill-health have occurred. Development of silicosis may increase the risk of later development of lung cancer. It may also lead to other diseases including heart disease and scleroderma

# MATERIAL SAFETY DATA SHEET

## First Aid Measures:

Eye Contact Rinse thoroughly with plenty of water for at least 15 minutes and consult a physician if irritation persists.

Ingestion: Rinse mouth. Do not induce vomiting. Seek medical advice.

Inhalation: Move to fresh air. If breathing has stopped, apply artificial respiration and seek medical attention.

Skin contact: Wash off with soap and plenty of water.

Advice to Doctor: Treat symptomatically.

## PRECAUTIONS FOR USE

### Exposure Standards

Exposure Standards	Cobalt, elemental and inorganic compounds as Co TLV TWA 0.02 mg/m <sup>3</sup> as dust Caution: Cobalt is a possible human carcinogen.  ACGIH = American Conference of Governmental Industrial Hygienists. TWA = Time Weighted Average NOHSC =National Health & Safety Commission
--------------------	---

## Personal protection

VENTILATION: Use local exhaust ventilation to keep air contaminants below their TWAs

PERSONAL PROTECTION: Safety glasses/goggles  
Cotton work gloves  
Apron or overalls  
Face mask or respirator conforming to AS1715 for dust

## SAFE HANDLING INFORMATION

### Accidental release measures

Clean up/Disposal: For small spills or leaks, wash with plenty of water.  
For large spills pick up as much as possible and dispose of in closed containers, wash the remainder with plenty of water.

Personal Protection: Wear apron or overalls, rubber gloves, chemical goggles or safety glasses.

## Handling and storage

Wear personal protective equipment.  
Wash thoroughly after handling.

Keep lids on containers tightly closed.  
Store away from consumables.

## **FIRE/EXPLOSION HAZARD**

### **Fire Fighting Measures**

Product is not combustible  
No limitations for fighting surrounding fire.

---

## **TRANSPORT INFORMATION**

This product is not classified for transport as a dangerous good as defined in the ADG Code or the IMDG code.
